

Parody Memorandum

MEMORANDUM

TO: Security Officers of NWS Earle (The Hana Group)

FROM: Local 730 Leadership **SUBJECT:** SATIRE ALERT: Operation "Paper Cup" and the Keychain of Despair

Officers,

We've intercepted what we can only describe as the incumbent union's highly classified, final tactical maneuver: *The Strategic Begging Initiative*.

In our latest parody video, we've captured exactly what we anticipate their final pitch to you will look like. Picture it: an SPFPA official stationed outside the luxurious Colts Neck Inn, vigorously shaking a paper cup labeled "UNION DUES," and trying to buy your loyalty with the ultimate tactical upgrade—a cheap, plastic keychain.

While this video is an obvious spoof, the reality of their representation isn't far off. When an organization knows they have failed to secure your financial future, deliver hazard pay, or upgrade your body armor, the only thing left in their arsenal is gimmicks and empty promises. Do not fall for the keychain of despair. You are only weeks away from having the most professional, modern union representation in the country.

Tactical Briefings on Your Terms. We know your shifts are demanding and your work requires high-level focus. To ensure every officer has the opportunity to get their questions answered directly and confidentially, we have deployed a new scheduling tool on our campaign website. You can now book a one-on-one briefing with a Local 730 representative at a time and location of YOUR convenience. Whether you prefer an in-person sit-down off-base, a quick phone call, or a secure virtual meeting, we are ready to provide straight answers about the upcoming contract, the NLRB mail-in election process, and our strategy for your financial future.

MISSION CRITICAL TIMELINE

- **Deploy Date:** The National Labor Relations Board (NLRB) is officially sending out the mail-in ballots today, **Monday, April 27th**.
- **Action Required:** Be on high alert and monitor your mailboxes closely this week. When that ballot arrives, you know exactly what to do.

Vote for real security. Vote for respect. Vote for Local 730.

In Solidarity,

Local 730 Leadership
